**Question 1:** \_\_\_\_\_, LLC (*company name redacted*) provides destruction services for all electronic equipment and media devices such as Hard Drives, Cell phones, backup tapes ect [sic]... We handle everything non paper. My question is does MSPB want bids for these services? We see the pricing document in this RFP for document destruction however there is not a location specifying where to bid for our services except the question do you provide e-waste destruction. Can you clarify if this RFP should also contain bids for hard drive and other media destructions services.

**Answer:** This IFB is for document shredding only. We asked whether vendors also provide e-waste destruction for informational purposes only.
